

**oneverse™
campus**

**Your generation will change the world.
This is your opportunity to decide the
direction of that change by starting a
OneVerse Campus chapter.**

**We invite you to join
the greatest work
of your generation:
finishing the task of
bringing God's Word to
the last languages.**

Changing the world is no small task, but right now, you're in a position to start a movement on your campus that will reach around the globe. Every world-changer started by telling just one other person about his vision ...

**God's Word for Every
Language in THIS
Generation.**

There are almost 350 million people from more than 2,200

languages who don't have access to even one verse of God's Word. But we believe He has appointed

this generation to finish the job of bringing His Word to them.

You're holding resources to help this vision become a reality.

Here's what you can do:

1. Gather a group of friends who share your passion for God's Word and who desire to help those without Scripture in their languages. Adopt a people group at oneverse.org to partner with and pray for together.
2. Contact OneVerse to discuss the next steps in engaging your campus. With the support of your professors or staff, you can start building a movement by coordinat-

ing events and fundraisers. We'll set up an official page for you at oneverse.org and offer you lots of great suggestions to get started.

3. Pray often for the people group with whom you're partnering. Celebrate what God is doing in and through you and your friends.

You'll receive monthly updates including specific prayer needs from the local translation team. You'll know the names of the translators and read their personal stories. You'll also receive a record of the verses you sponsor and be able to track the progress of the translation work. And you have a direct line to the OneVerse office as well as website access to OneVerse staff members for any questions that arise during your participation as a OneVerse Campus leader.

“If God really loves me why doesn't He speak my language?”

How can you help them know that God does know them by name? What impact can your voice be to so many without the Scriptures? The OneVerse Campus Program was created to help you connect those who have God's Word to those who don't. You have an opportunity to not only make people aware of the need for Bible translation but also give them a practical way to be the hands and feet of Christ.

As a OneVerse Campus leader you'll be involved in:

1. **Growth.** You can reinforce the impact of God's Word on your campus through Bible studies, fellowship and prayer.
2. **Giving.** Your Campus chapter will see the impact of their gifts verse by verse. Your giving will change two cultures: the people who are receiving Scripture for the first time and the students in your Campus chapter. You'll be uniting around a significant cause, making new friends and watching God work in and through you.

3. **Going.** This project could lead your group to actually visit the people with whom you're partnering.

A few more facts:

1. It costs \$26 to translate one verse of the Bible.
2. Local people are the primary translators in OneVerse | Seed Company projects.
3. Eighty-one percent of the money that comes into OneVerse goes directly to translation projects.

Why participate with OneVerse?

Giving God's Word to a people group for the first time is an act of worship and stewardship.

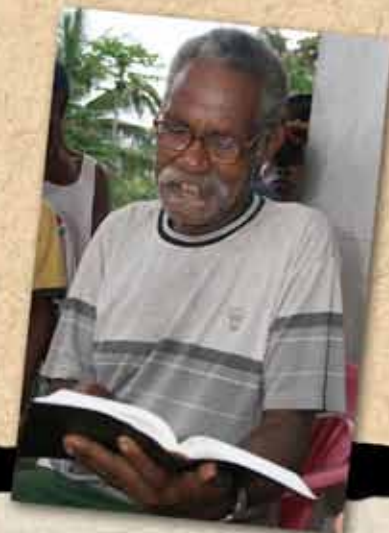

“Just a little bit (\$26) will sponsor Scripture translation for two million

people. This is an idea bigger than just charity: this is real worship.”

-Louie Giglio, Passion 07

And it will change lives all around the world!

“My son, thank you! When I heard you read the Good News in my language, I listened attentively. The pastor didn't even add anything to my understanding!” -A Nugunu man, after hearing a text read in his mother tongue; Cameroon.
